Dear Mr. Quinn,

I wish to express my opposition to House Bill 6050: Concerning Tolls on CT Borders. Perhaps the legislators have forgotten the reason toll booths were eliminated - all the accidents that occurred at toll booths, culminating with the tractor trailer rear ending and killing several innocent people. My #1 reason is for safety; #2 is the loss of revenue we will have from interstate commerce by having tolls that may defeat your idea of gaining revenue; #3 the traffic jams caused by toll booths; #4 the increased traffic on secondary roads to avoid tolls. Please, find a more reasonable way to secure revenue for the sake of all who travel the CT highways. Vote against House Bill 6050 on Feb. 25th.

Sincere Thanks,

Marjorie Guerin, Connecticut voter, Concerned Citizen
